

Donor Sabbath Sample Bulletin/Newsletter

National Donor Sabbath is observed annually on Friday through Sunday two weekends before Thanksgiving (November 11th – 13th, 2016). During this three-day observance, faith leaders, donor families, transplant recipients, and donation and transplantation professionals join forces to increase awareness of the need for lifesaving organ, tissue, and eye donation.

In Matthew 25:40 Jesus said to his followers, “Whatever you did for one of the least of these brothers and sisters of mine, you did for me.” Organ and tissue donation is an act of compassion, generosity, and selfless sacrifice for another. In New York State, we have a tremendous need for these acts, as there are currently over 9,700 New Yorkers waiting for lifesaving organ transplants.

Show compassion and love to your brothers and sisters by joining the New York State Donate Life Organ and Tissue Donor Registry. You can find out more information about the lifesaving gifts passed to others through organ, eye and tissue donation by visiting www.donatelifenetwork.com.
